

## PORCA DE MURÇA

Porca de Murça is Douro's leading wine brand. It originated from a folktale from Vila de Murça, a small village in Douro Valley.

It is said there was a large female boar living in the woods near the village that was responsible for the destruction of the fields and its plantations. Having been, for many years, a torment for people of the village, they decided to unite the best hunters of the region to hunt down the boar.

A statue was erected and placed in the Center of the Village as a tribute to this mighty boar, making it an icon of the village and region.

Porca de Murça wines represent a fresh, young and fruity style of Douro wine, perfect for everyday consumption.

### **PORCA DE MURÇA BRANCO**

**TASTING NOTES:**

*"Fragrant honeysuckle notes line the crisp mango and star fruit flavors of this spicy, light- to medium-bodied white, ending with a lingering finish."*

### **PORCA DE MURÇA TINTO**

**TASTING NOTES:**

A clean, deep and bright ruby colored wine with red berry and cherry notes showing intensity and freshness. Ripe fruit flavors, excellent structure, velvety and very well balanced.

### **PORCA DE MURÇA RESERVA**

**TASTING NOTES:**

*"Lovely this year, this is elegant, relatively sunny and focused. It is ready to drink but still young and vibrant. While this balanced Tinto is friendly and forward, it is not a candied concoction. It is a nice deal that should hold for several more years."*
