## QUINTA DOS ACIPRESTES 2020

### TASTING NOTES:

*"This has a dark chocolate overlay that gives way to acidity and overall freshness. It has reasonable concentration, better structure and a long finish. It is never fleshy or Jammy. Given its freshness, this can actually age and develop a Little...This is a super value, and some cellaring may make it better."*

## QUINTA DOS ACIPRESTES RESERVA 2020

### TASTING NOTES:

*"Compared to the regular Tinto, this adds some generosity, but it is still tightly wound and beautifully structured. Never jammy, while showing fine fruit and concentration, this is built to age. Refined, round, but very serious and carefully crafted, this is pretty terrific. It's an even better value"*

## QUINTA DOS ACIPRESTES GRANDE RESERVA 2017

### TASTING NOTES:

*"Very sexy and utterly delicious, this big red is big in flavor and has fine structure, but it retains some elegance. Beautifully textured as well, it has a sophisticated and suave feel. It will make a fine food wine; it will age well; and it will improve. You can approach this young, though, if you must, because the tannins are rather ripe."*

Quinta dos Aciprestes is the only single estate brand in the Real Companhia Velha portfolio. Its ideal location slopes along the River Douro. The northern sun exposure and low altitude create a micro climate perfect for the ripening of red Douro varieties. These wines are the expression of the Quinta's terroir showing intense concentration, excellent aromatic characters and a very full-bodied style.
